

Contract expired October 1st ...

Although we have seen some movement from management, they have still not agreed to our proposals on:

- Floating
- Education for RNs and Healthcare Professionals
- Clinical ladder

Did you hear what they offered?:

- Forced on-call when we are flexed
- RNs bear full burden of management's flexing errors
- Wages that don't keep up with the basic cost of living (1.5%)

STICKER-UP 10/3!

Be sure to get your sticker on Wednesday from our Bargaining Team members!
