

BECAUSE  
WE STOOD  
TOGETHER

# Overwhelming **“YES!”** in our Contract Ratification Vote!

The vote tally was a whopping 100% “yes” on our new contract, which goes into effect immediately and includes retro on wages to the first full pay period in July 2018.

This contract would not have happened without the united nurses who elected and supported our strong Bargaining Team and who participated in the contract campaign (including our “sticker-up!” action pictured below).

## Because we stood together, we won a contract that includes:

- Good wage increases
- Better language on floating
- In-house Registry (“Double Time”) improvements
- Differential for per diem Nurses
- Maintain free EPO medical plan
- Improved patient safety
- Major improvement on Article 10

**And now that we’ve won our good contract,** it’s important that we enforce it! Consider becoming a Union Steward! Watch our website calendar for Steward Training dates!
