

# ADDITIONAL EMPLOYEE ACCESS POINTS EFFECTIVE MARCH 30

The "Memorandum of Understanding" regarding entry and exit points agreed to by our 121RN Bargaining Team and management has been signed by Human Resources and representatives of 121RN and UHW. It states: "as agreed to during bargaining, these access points will be effective as soon as the employees' badges can be re-programmed. The employer's goal is an effective implementation date of March 30, 2012. Until that time, current access will remain as it is today."

We can expect badges to be re-programmed and ready to use by 5 p.m. Friday, March 30, 2012.
